

MISSION: OF PAUL 3

Storytellers from The Backyard Bard, Melbourne's celebrated Biblical Storytelling theatre company, are constantly building their repertoire of storytelling presentations. Throughout the year, we are invited as guest presenters at school chapels and church services. We are pleased to offer a Biblical Storytelling presentation of Paul's third missionary journey by Robert Turnbull.

Paul's Third Missionary Journey is one of the most significant events in early Christian history. Not only did it bring about the evangelisation of Asia-Minor, the letters to the Romans and the Corinthians written and it brought about the first recorded international aid project. The storytelling presentation is from Luke's eyewitness account from Acts 18:23 - 20:39. As his vivid account describes the triumph of the Gospel over this period, Luke records amazing episodes in Paul's life including miracles, a city-wide riot, Paul's heartfelt speech to the Ephesian elders and much more.

Throughout the storytelling, maps are used, to take the hearers back into the ancient mediterranean world, as well as having a multimedia introduction and conclusion. The whole presentation goes for half an hour. It costs \$220 to host.

Please contact us today to discuss how this event can best be brought to your community.
